

Androscoggin ARES/RACES Net Preamble

[note time]

Does anyone need to use the repeater before begin the Net?

All station this net, all stations this net.

Calling the Androscoggin County ARES/RACES Net

This is <callsign>. My name is <firstname> in <town>. The purpose of this Net is to provide a trained group of Amateur Radio operators for Androscoggin County, to exchange amateur radio related information, message traffic and bulletins. This is a directed net, all traffic must go through the net control station. This net meets Thursday Night at 1930 local time on this Auburn Maine 146.61 repeater. In the event the repeater is not available, the Primary Androscoggin ARES Simplex Frequency 146.46 will be used. All amateur operators with 2m privileges are welcome to check in whether an ARES/RACES members or not.

Stations with traffic, announcements, bulletins or training -- call sign, name and location
